

Your **Heat Trace** Advantage

- › **Audits**
- › **System design**
- › **Advanced control panels**
- › **Installation**
- › **Maintenance**
- › **Operation**
- › **Commissioning**
- › **Support**

Maintain uniform processing temperatures and protect pipelines and equipment from cold. With a wide array of audit services, we can assess risk, identify system vulnerabilities and failures, and help you design, install and maintain an integrated, turnkey heat trace system. Trust our local experts to provide efficient, reliable and effective solutions.

End-to-End Heat Tracing Solutions

Your one trusted source, specializing in the evaluation, repair and long-term care of heat trace systems.

Heat trace products & services

Our highly qualified engineering teams, strategic partners and skilled craftspeople can help design and manage your assets for long-term performance and hazard risk mitigation.

Audits & evaluations

- › Complete MI break evaluation
- › Standard panel audit
- › Comprehensive inspection
- › Failure investigation

Products & services

- › System design and restoration
- › Advanced panels and products
- › MI cable design, repair and fabrication
- › Panel design and fabrication
- › Installation
- › Technical support
- › Turnkey services
- › Scaffolding and access
- › Insulation

Markets served

- › Aerospace
- › Cement and aggregate
- › Chemical plants
- › Ethanol and biodiesel facilities
- › Food and beverage
- › Industrial
- › Manufacturing
- › Maritime
- › Mining and metals
- › Oil and gas upstream, midstream and downstream
- › Parking garages
- › Power generation
- › Pulp and paper
- › Waterworks and water treatment

BrandSafway provides access and industrial service solutions with turnkey installation, engineering support and safety training.
